EDUCATION

B.E. Computer Science & Engineering

Thapar Institute of Engineering and Technology,
Patiala

09/2022 - Present

Courses

- Data Structures & Algorithms, Artificial Intelligence, Machine Learning, Software Engineering, Database Management System, Computer Networks

Higher Secondary School

Radha Vatika Sr Sec School, Khanna

04/2021 - 07/2022

94.6%

Courses

- Physics, Chemistry, Maths, English

WORK EXPERIENCE

Machine Learning Engineer

Samsung 

02/2024 - Present

A global leader in electronics, specializing in mobile devices, home appliances, and semiconductors

Achievements

- Elevated Samsung's AI capabilities by leading enhancements in speech recognition technology
- Led the deployment of scalable ML algorithms, elevating system performance and user satisfaction
- Refined AI models through a data-driven strategy, enhancing accuracy in voice/language processing using Colab

Artificial Intelligence Researcher

Zeatpeak 

08/2023 - 11/2023

Innovating consulting firm specializing in business development

Achievements

- Optimized daily issue triaging by implementing targeted solutions, boosting team efficiency and problem resolution
- Streamlined operational workflows with AI-driven methodologies, utilizing Python, TensorFlow, and PyTorch, to enhance team performance

Machine Learning Developer

Coincent 

05/2023 - 07/2023

India's premier Edtech powerhouse with industry partnerships to craft immersive online learning journeys

Achievements

- Engineered and developed a high-accuracy machine learning classifier to distinguish between canine and feline images, leveraging advanced algorithms and data analysis
- Efficiently deployed a robust machine learning model into production using Python, Keras and OpenCV, demonstrating real-world efficacy and dependability

TECHNICAL SKILLS

Languages: Python, Java, Kotlin, Dart, C/C++, SQL (Postgres, Oracle), JavaScript, HTML/CSS, R

Frameworks & Libraries: TensorFlow, PyTorch, Keras, Pandas, OpenCV, Scikit-learn, Android SDK, Firebase, Google Play Services, Node.js, React.js, Material Design, WordPress

Developer Tools: Jupyter Notebook, Git/GitHub, Google Cloud Platform, Android Studio IDE, Gadle, VS Code, Visual Studio, Ubuntu, Linux, PyCharm, Docker, Figma, MATLAB, AutoCAD

Soft Skills: Leadership, Marketing, Problem Solving, Teamwork, Sponsorship

SELECTED PROJECTS

TechTag (03/2024 - 05/2024)

- Architected an all-encompassing bus management platform, offering intuitive ticket booking and robust payment systems to enhance the efficiency of public transit services using Android Studio

Snake Adventure (01/2024 - 03/2024)

- Conceived and launched a captivating mobile game built with Android Studio and Java, now available on Google Play, delivering a classic gaming experience with a modern twist

Emotion Face Detection (07/2023 - 08/2023) 

- Developed a neural network-based system for real-time emotion recognition using OpenCV, displaying results live on-screen

Trivia Application (04/2023 - 05/2023) 

- Crafted a feature-rich Android trivia app with an intuitive UI, leveraging Java and Android SDKs in Android Studio IDE, now hosted on Google Play for enhanced user engagement

POSITIONS OF RESPONSIBILITY

The Institution of Electronics and Telecommunication Engineers, TIET
(07/2023 - Present) 

Head of Marketing and Public Relations

ACHIEVEMENTS

Cognizant (02/2024) 

Demonstrating practical AI application skills

Smart India Hackathon (10/2023)

Winner in college-wide internal hackathon, competing across all academic years

Microsoft Certified: Azure AI Fundamentals
(06/2023) 

Benefitted to gain knowledge of machine learning and AI concepts and related Microsoft Azure services like Basic cloud concepts

AEEE (06/2022)

Among the top 0.04% successful candidates
